Dear Friend:

I am a little late writing you, but better late than never. I know you understand how busy I am.

Please accept my sincere thanks for all the help you gave in promoting the ball game. Also please express my sincere thanks to all the others who helped. You cannot pay for this sort of cooperation in dollars and cents.

I was not too dissappointed in the crowd, I never felt we could overcome the Sunday competition. As it is we did not go in the hole, but of course did not have the kind of July 4th we thought we would when the day was planned. It was better than a rain out however.

I know you have heard how the first half of our league race ended. The Eagles and The Grays have to play a game to see who wins. If you have this weeks Afro read all about it. I will try and get over one day soon to see you. If you can possibly get to any of our games let me know so I will be looking for you, or can send you tickets.

Again thanks for everything.

Very Truly Yours
